PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

barry lyons lockwood ward

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? 'Warming of the climate system is unequivocal' and 'Human influence on the climate system is clear'.

What do you think we should do about it in Central Victoria? I have been a strong supporter of councils environmental strategys and believe we all should be advocating and moving towards a cleaner greener energy source for health, cost and planet reasons.

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

- 100% renewable energy generation from local & regional sources
- Highly energy efficient systems and buildings
- Council will support commercial scale agriculture & horticulture, and local urban food production
- Council will promote green job & industry creation in Bendigo
- Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.
- Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals
- Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

Comments I believe in all above except zero waste as I think there will always be a residual (unfortunately) and the strategy is aspirational and will take time and push to implement.

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?

Yes

Comments

this question and the one above are interconnected. I and K Flat Enterprise group have been advocating to council for exactly q 6. There are many off road paths and lanes in and around our city but so many not connected and that is the job ahead and must be supported hopefully by the incoming Council.

Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?

Yes

Comments

Have been a committee member and supporter

Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?

Yes

Q9: Do you think a Council can represent many views, but act harmoniously?

Yes

If you answered yes, how will you contribute to the Council working together harmoniously?

2008 - 2012 did of which I was a member It is all about respect for one another and their views. Agreement is not paramount in fact diversity of opinion is healthy. There will be workshops and get to know one another sessions.
