#### PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

EPPALOCK

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? "Warming of the climate system is unequivocal" and "Human influence on the climate system is clear".

Yes

What do you think we should do about it in Central Victoria? We need an integrated approach with state, local and federal governments working with business and citizens to tackle it head on.

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

100% renewable energy generation from local & regional sources

Highly energy efficient systems and buildings

Zero recoverable resource sent to landfill

Council will support commercial scale agriculture & horticulture, and local urban food production

Council will promote green job & industry creation in Bendigo

Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.

Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals

Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

Comments

the strategy has been well thought out with a clear path moving into the future. Its great to see Bendigo showing leadership in this area

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Comments

10 minute neighbourhoods aren't a new idea, but it is a good idea. I live within 10 minutes of the CBD and it has been fantastic for my life. I would like others to have that option.

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

**Do you have any particular ideas how we can get the community actively walking or riding far more regularly instead of using the car? Please enter ideas here:**

We need to make the right thing to do easier than the wrong thing to do.

**Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?**

Yes

**Comments**

If we want children to ride their bikes to school, we must make it safe to do so.

**Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?**

Yes

**Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?**

Yes

**Q9: Do you think a Council can represent many views, but act harmoniously?**

Yes

**If you answered yes, how will you contribute to the Council working together harmoniously?**

This is the key to having a successful council is being able to work together. The code of conduct must be followed and councillors must act respectfully of one another.
