#### PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

#### Q1: Please enter your name and Ward that you are standing in.

Colin Carrington Eppalock

#### Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? 'Warming of the climate system is unequivocal' and 'Human influence on the climate system is clear'.

**What do you think we should do about it in Central Victoria?** I cannot agree with the first part of the statement, in regards to use of the word 'unequivocal'. The climate has always changed, and will continue to do so. There is some degree of Human influence on the climate system, however, exactly to what extent, I do not believe has been 'unequivocally' established.

#### Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

- Highly energy efficient systems and buildings
- Council will support commercial scale agriculture & horticulture, and local urban food production
- Council will promote green job & industry creation in Bendigo
- Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.
- Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals
- Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

**Comments** I have not ticked the first and third boxes, as I do not consider either of those goals to be achievable. Sure, aim for the stars. But council needs to be realistic.

#### Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

**Comments** Yes, great for neighbourhoods within a ten minute area. But what comes next? 15 or 20 minute neighbourhoods.

#### Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

No

**Do you have any particular ideas how we can get the community actively walking or riding far more regularly** Some people may compare and wish Australia to be like the Netherlands. We never will be. Distances are far greater, there are less flat areas, people in Australia have a 'car culture'. Despite wishing to see less vehicles on the road, and indeed in Bendigo and suburbs, realism has to be faced.

instead of using the car? Please enter ideas here:

**Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?**

Yes

**Comments**

This is really needed. It would help keep vehicles off roads, and assist with recreational outdoor use and exercise, that would also assist in easing youth obesity .

**Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?**

No

**Comments**

It is entirely unnecessary. I welcome refugees and migrants from around the world to Bendigo, irrespective of their religious beliefs. There has been no problems in the past as migrants and refugees have been made welcome and 'fitted in'. New arrivals to Australia must be prepared to accept the lifestyles, beliefs and cultures of those already in Australia. This plan has been another waste of ratepayers' money.

**Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?**

Yes

**Comments**

I will do my duty as a law abiding citizen.

**Q9: Do you think a Council can represent many views, but act harmoniously?**

Yes

**If you answered yes, how will you contribute to the Council working together harmoniously?**

I am always prepared to listen to differing views/opinions. However where no rationale has been given for reasons for change, or new policies, I seek that. I have been a team player all my life, from school to adult team sports, 16 years active service in the Australian Army Reserve in which I retired with the rank of Major.
