PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

Jennifer Alden candidate for Lockwood ward

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? 'Warming of the climate system is unequivocal' and 'Human influence on the climate system is clear'.

Yes

What do you think we should do about it in Central Victoria? The fact that we have just this week passed the global CO2 threshold of 400ppm means we need to approach global warming as an emergency. Council has a leadership role to play in taking action to address climate change that needs to be ramped up.

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

- 100% renewable energy generation from local & regional sources
Highly energy efficient systems and buildings
Zero recoverable resource sent to landfill
Council will support commercial scale agriculture & horticulture, and local urban food production
Council will promote green job & industry creation in Bendigo
Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.
Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals
Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

Comments I would add a greater emphasis on biodiversity and parks, forests and native plantings. Council should not be aspiring to European streetscapes. Council should also be working towards rapid divestment of all investments in the fossil fuel industry.

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Comments There should be better local, accessible and regular bus connections within all suburbs of Bendigo.

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

Do you have any particular ideas how we can get the community actively walking or riding far more regularly instead of using the car? Please enter ideas here:

Walking or riding to school should be facilitated by planning and designing roads to support this, particularly within school precincts.

Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?

Yes

Comments

There are many successful overseas examples of this to follow.

Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?

Yes

Comments

I was a community reference group member for the development of the Cultural Diversity and Inclusion Plan and part of the Welcoming Newcomers to Bendigo subgroup. These was a lot of time spent by many people developing practical ideas.

Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?

Yes

Comments

It will require collaboration and oartnerships and ongoing resourcing by Council for some of the proposed activities.

Q9: Do you think a Council can represent many views, but act harmoniously?

Yes

If you answered yes, how will you contribute to the Council working together harmoniously?

This can occur with elected representatives who bring maturity and experience, plus an inclusive and collaborative approach, inspired by the possibility of being part of achieving great things for our community's future.
