PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

Whipstick

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? "Warming of the climate system is unequivocal" and "Human influence on the climate system is clear".

Yes

What do you think we should do about it in Central Victoria? Begin to reduce Bendigo's contribution through zero emissions, zero waste initiatives and divestment from fossil fuels

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

100% renewable energy generation from local & regional sources

Highly energy efficient systems and buildings

Zero recoverable resource sent to landfill

Council will support commercial scale agriculture & horticulture, and local urban food production

Council will promote green job & industry creation in Bendigo

Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.

Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals

Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

Comments I fully support CoGB's enviro strategy

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Comments This would make our communities more socially connected as well as fairer in terms of physical access to services. The health benefits of increased physical everyday activity should be the norm

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

Do you have any particular ideas how we can get the community actively walking or riding far more regularly instead of using the car? Please enter ideas here:

The social and economic benefits of populated, shared spaces rather than drive-by thoroughfares are numerous

Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?

Yes

Comments

This could become the norm for our future generation

Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?

Yes

Comments

Yes - it is essential to Bendigo's progress in this 21st century

Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?

Yes

Comments

Yes - emphatically

Q9: Do you think a Council can represent many views, but act harmoniously?

Yes

If you answered yes, how will you contribute to the Council working together harmoniously?

Contentious or controversial issues must be examined using factual information rather than anecdote, in a spirit of promoting community cohesion, tolerance and respect rather than one of fearful division and exclusion. This would be my approach, and I would be hopeful of others with an open-minded attitude and an aptitude for collaboration and consensus rather than populist adversarialism.
