#### PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

Rosemary Glaisher, Eppalock.

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? 'Warming of the climate system is unequivocal' and 'Human influence on the climate system is clear'.

Yes

What do you think we should do about it in Central Victoria? Do our share to tackle emissions. Develop local clean energy production and energy efficiency. Use trees and green spaces for city cooling. Use water more efficiently. Ensure everyone can afford to keep their house a safe temperature, especially aged. Climate change must be factored into all planning and decision making.

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

- 100% renewable energy generation from local & regional sources
Highly energy efficient systems and buildings
Zero recoverable resource sent to landfill
Council will support commercial scale agriculture & horticulture, and local urban food production
Council will promote green job & industry creation in Bendigo
Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.
Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals
Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

Comments: These are very exciting plans. Putting them into practice will vastly increase quality of life in Bendigo into the future and make Bendigo an example for other Australian cities to follow.

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Comments: This will increase healthy activity and community interaction. Decreased dependence on cars will reduce costs, pollution and isolation and create a more attractive built environment.

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

**Do you have any particular ideas how we can get the community actively walking or riding far more regularly instead of using the car? Please enter ideas here:**

More shade trees, water fountains and wayside seating on footpaths. Suburb design that puts services within pedestrian reach. Separated bike lanes. More bike racks.

**Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?**

Yes

**Comments**

A white line is no guarantee of safety because motorists don't always respect them. Some cyclists ride in groups which "overflow" the bike lane damaging motorist / cyclist relations. I'm too nervous to ride a bike on the road even with a bike lane but would use a separated bike path.

**Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?**

Yes

**Comments**

Bendigo is unusual in not already having such a plan. They have been found to be useful to help foster culturally inclusive attitudes in culturally diverse communities. Although most Bendigo people are proud to embrace our diversity, there are exceptions and this needs to be addressed.

**Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?**

Yes

**Comments**

Try to ensure groups and events for diversity are supported. Continue to personally attend these events whenever possible. Respond to complaints/concerns.

**Q9: Do you think a Council can represent many views, but act harmoniously?**

Yes

**If you answered yes, how will you contribute to the Council working together harmoniously?**

Present my own views honestly but courteously and listen respectfully to others, trying to understand their point of view when it diverges from mine. Encourage debate of issues and ideas which doesn't degenerate into the personal.
