PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

Susie Hawke - Candidate for the Eppalock Ward

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? 'Warming of the climate system is unequivocal' and 'Human influence on the climate system is clear'.

Yes

What do you think we should do about it in Central Victoria? I think we should try to be open minded at all times to differing opinions, but find a way to work together as a community to develop ways that we can reduce human influence on climate change.

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

- 100% renewable energy generation from local & regional sources
Highly energy efficient systems and buildings
Zero recoverable resource sent to landfill
Council will support commercial scale agriculture & horticulture, and local urban food production
Council will promote green job & industry creation in Bendigo
Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.
Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals
Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

Comments I support all of these goals, acknowledging that I am not an expert in this field. I also understand that these are long term goals, some 20 years, others 5 years, so change will take time and commitment to follow through in a step by step approach.

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Comments I think this is an excellent long term goal.

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

Do you have any particular ideas how we can get the community actively walking or riding far more regularly instead of using the car? Please enter ideas here:

Ensuring basic needs are within walking or riding distances for people or accessible by public transport. I also think people's 'mind set' needs to change and this sometimes requires a generational change, again taking time. Education regarding such change is the key and needs to begin with children.

Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?

Yes

Comments

Absolutely as people's safety is a big factor in choosing either to ride or not, especially children.

Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?

Yes

Comments

Inclusive communities is one of my priorities in this campaign.

Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?

Yes

Comments

Absolutely

Q9: Do you think a Council can represent many views, but act harmoniously?

Yes

If you answered yes, how will you contribute to the Council working together harmoniously?

I have a lot of experience in networking, collaboration and building partnerships. Strong teams require representation from a range of views, but if people are open minded and respectful, you can always work together harmoniously, for the betterment of your goals.
