PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

Thomas Prince. Whipstick Ward

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? 'Warming of the climate system is unequivocal' and 'Human influence on the climate system is clear'.

Yes

What do you think we should do about it in Central Victoria? I like what the City is doing around encouraging alternative transportation. Less car parks and encouraging the use of bicycles is great. I think allowing renewable energy incentives for businesses for a possible decrease in annual rates would be a positive move also

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

- Highly energy efficient systems and buildings
- Zero recoverable resource sent to landfill
- Council will support commercial scale agriculture & horticulture, and local urban food production
- Council will promote green job & industry creation in Bendigo
- Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.
- Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals

Comments Although the first and the last options seem plausible and realistic, I simply do not have the background or education to know whether this is practical and for me to commit towards

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

Do you have any particular ideas how we can get the community actively walking or riding far more regularly instead of using the car? Please enter ideas here: Although we talk about the 10 minute communities, I would like to see walking and cycling paths connecting each communities. Connecting people to their needs is great however connecting people to other people needs to be considered as well

Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?

Yes

Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?

Yes

Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?

Yes

Q9: Do you think a Council can represent many views, but act harmoniously?

Yes
