#### PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

Wayne Gregson, Whipstick Ward

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? 'Warming of the climate system is unequivocal' and 'Human influence on the climate system is clear'.

Yes

What do you think we should do about it in Central Victoria? Live better, more gently, seek solutions and have the courage to act on them. Let's stop seeking blame and arguments but work to solutions for all.

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

100% renewable energy generation from local & regional sources

Highly energy efficient systems and buildings

Zero recoverable resource sent to landfill

Council will support commercial scale agriculture & horticulture, and local urban food production

Council will promote green job & industry creation in Bendigo

Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.

Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals

Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

Comments Much of this has been in place for the past decade, but much remains to be done.

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Comments Absolutely. We are a federation of communities and need easy linkages, especially in cycling.

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

**Do you have any particular ideas how we can get the community actively walking or riding far more regularly instead of using the car? Please enter ideas here:**

That was the principle which guided the 2004-08 council term of which I was a member. We had international support for Walk Bendigo, but ran out of time. ALL reserach indicates we must find ways to improve the city as a human space.

**Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?**

Yes

**Comments**

Absolutely. Until cycling is a safe, encouraged activity, it will be perceived as non-conventional. The Netherlands don't have hel;met laws but have the lowest rate of cyclist injuries, guess why? They respect cycling and provide the infrastructure.

**Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?**

Yes

**Comments**

Yes. It's silly not to. Not to mention damn rude. We are a nation of many backgrounds and have worked out how to function remarkably well.

**Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?**

Yes

**Comments**

See above

**Q9: Do you think a Council can represent many views, but act harmoniously?**

Yes

**If you answered yes, how will you contribute to the Council working together harmoniously?**

In 2004-08 I was strongly in support of flying the Aboriginal flag(s) above the Town Hall even though many whinged. It was such an easy gesture which meant so much to so many. We must respect all views - even ones we feel deeply to be wrong - yet avoid the temptation to be dominated by the loudest voices: decibel democracy. If we cannot bnrong about good governance by sensible debate we should not be considered leaders.
