PAGE 1: 2016 City of Greater Bendigo Council election survey of candidates

Q1: Please enter your name and Ward that you are standing in.

Yvonne Wrigglesworth (Eppalock Ward)

Q2: Do you agree with the following statements by the Intergovernmental Panel on Climate Change (IPCC)? 'Warming of the climate system is unequivocal' and 'Human influence on the climate system is clear'.

Yes

What do you think we should do about it in Central Victoria? As a council, it should be a priority to understand the impacts and areas local government can influence. In order to make a significant positive step towards addressing (and minimising adverse effects) that human's influence in climate change.

Q3: Select the goals you support from the recently released City of Greater Bendigo Environment Strategy 2016-2021; which includes (click to select, leave blank if not supported)

- 100% renewable energy generation from local & regional sources
Highly energy efficient systems and buildings
Zero recoverable resource sent to landfill
Council will support commercial scale agriculture & horticulture, and local urban food production
Council will promote green job & industry creation in Bendigo
Council will fund initiatives like Sustainability Awards and the Community Sustainability Festival.
Council will empower the City of Greater Bendigo Green Team with a budget and give them accountability for the City's own waste and energy goals
Council will work with businesses and community to secure 100% renewable energy for all Greater Bendigo residents & businesses

Comments In principle, I support the goals in the recently released Environment Strategy. I do believe that in order to make a fully informed decision, the next council will need specific and further information on each goal, in particular when seeking specific budget commitment.

Q4: Do you support Council's plan to transition Greater Bendigo to an integrated transport and mobility network built around neighbourhoods containing most of residents needs and able to be accessed within a 10 minute walk or cycle or via public transport?

Yes

Comments I am a supporter of 10 minutes neighbourhoods

Q5: Do you support the proposition that our urban areas of tomorrow should be designed predominantly for people and not cars?

Yes

Do you have any particular ideas how we can get the community actively walking or riding far more regularly instead of using the car? Please enter ideas here:

Employer incentives, Bicycle fleets, parcel collection/distribution services (for shopping etc) to encourage bicycle commutes without worrying about how to transport goods.

Q6: Would you support us having a network of connected and safe 'separated' bike paths and lanes criss-crossing our city and towns instead of the current mostly white lines painted on the road?

Yes

Comments

I believe this will be the best way to encourage cycling for the average citizen.

Q7: The Council has approved a Cultural Diversity and Inclusion Plan to encourage fairness and equality for all Bendigo's citizens. Do you support this plan?

Yes

Q8: Will you work to ensure the Cultural Diversity & Inclusion plan is implemented effectively?

Yes

Q9: Do you think a Council can represent many views, but act harmoniously?

Yes

If you answered yes, how will you contribute to the Council working together harmoniously?

As an experienced community leader, I work in many environments that respectfully engage in dialogue and robust debate. Differing views should not be excuses for personal attacks. A harmonious council should listen to each other and the communities they represent in order to understand, not judge and to work together for the best outcomes. Outcomes that respect and encourage diversity.
